

Capture the Flag

CYBERSECURITY COMPETITION

INVITATION-ONLY, NO FEES TO PARTICIPATE
PRIZES AWARDED TO TOP THREE TEAMS - LUNCH PROVIDED TO ALL!

This Capture the Flag (CTF) cybersecurity competition, designed for high school students, offers students the chance to learn cybersecurity skills while having fun competing as part of a team. This CTF will be in a Jeopardy! format, with multiple challenges at differing levels of difficulty. Challenges may require students to find hidden data in files, break classic cryptographic systems, or investigate security flaws in a web page. The competition is beginner-friendly and each team will have an advisor from the Miami University Cybersecurity Club to help them navigate the challenges.

**SATURDAY,
MARCH 1, 2025**

9:30 A.M. - 1:30 P.M.
US BANK CYBER FUSION CENTER

425 Walnut St., Cincinnati, OH (on Fountain Square)

Enter the building through the Westin Hotel entrance, then turn left and walk towards the US Bank desk beside the elevators up to the tower. Let the desk attendant know that you are here for the Capture the Flag competition and they will find an escort who can take you up on the elevator to the Cyber Fusion Center. Participants can park in the Fountain Square North Garage, at 520 Vine St., which is located directly beneath Fountain Square, or if that is full, at the Fountain Square South Garage, at 416 Vine St., which is below the lobby.
